Voting Members:
• Carrie Frandsen, Administrative Services Representative
• Molly Gordon, Undergraduate Campus-Wide Representative, Chair
• Taylor Fulton, Associated Students Representative, Vice Chair
• Shane Grigsby, Graduate Student Associate Representative
• Ashley Kiode, Associate Students Representative
• Lakshman Nataraj (Laks), Environmental Affairs Board Representative
• Matt O’Carroll, Bren School Graduate Student Representative
• TBN, Academic Senate Representative

Non-Voting Advisory Members:
• Todd Lee, Assistant Chancellor, Budget & Planning
• Mo Lovegreen, Director, Campus Sustainability
• Jordan Sager, LEED Program Manager, Physical Facilities
• Bill Shelor, Community Member
• Andrew Riley, Sustainability Coordinator, Student Affairs
• Kate Kokosinski, Campus Sustainability Coordinator/TGIF Grants Manager
APPLICATION WORKSHOP

Turn Your Green Ideas Into A Reality

Online Application Deadline:
Friday, January 25th
5pm
GUIDING PRINCIPLES

- Projects shall reduce UCSB’s impact on the environment.
- Projects shall have publicity, education and outreach components.
- Projects shall have received all necessary written approval by appropriate campus officials prior to consideration.
- UCSB Students, Staff, and Faculty are able to submit project proposals, so long as they are under the umbrella of a campus department. Individuals and organizations outside the University are not able to submit project proposals.
- TGIF funding will not support projects that are already mandated by law or UCSB policy/directive. TGIF will only fund projects, which are not currently paid for by the University or through existing rebate programs.
- TGIF is limited in its funds and so will be more likely to support projects which have secured partial funding via others means.
- Preference will be given to projects that demonstrate the greatest reduction of UCSB’s greenhouse gas emissions and/or resource usage for the least cost.
- Student participation is encouraged in all projects.
- Projects shall positively impact both social and environmental sustainability and take into account all impacts.
Project Example: ICA Zero Waste

**Purpose:** Harder Stadium had no recycling infrastructure and almost all waste was put in landfill dumpsters.

**Phase I Waste Audit:** Waste was sorted/audited from the Sept. 7, 2012 soccer games. Audit gave data for what can be eliminated from going to landfill.

**Results:** 42% recyclable, 40% compostable, and 18% as landfill.

**Phase I Upgrade:** Implemented recycling and landfill totes with signage. An additional recycling dumpster was added to the venue. Removed all old waste containers.
Project Example: ICA Zero Waste

Purpose: Divert waste from landfill during soccer games on October 26 & 28.

Phase II Waste Audit: Zero Waste Weekend, October 26 & 28, 2012

Results: 40.3% recyclable, 54.8% compostable, and 4.9% landfill. Total Diversion rate - 95.1%

Phase II Upgrade: Arranged bins and signage near hospitality, concessions, bleachers and bench. Changes were publicized through announcements to students and season ticket holders.

Next Steps: Make changes permanent at future UCSB soccer games and implement at baseball and softball stadium.

**Check out the poster in the UCen Lobby!!**
Can I apply for a grant if I will be graduating this year?
- Yes, but we ask that you have a transition plan in place and that you specify that in your application

Do I need campus approvals in place before my project can be granted an award?
- Yes, we will not release money to you until you have campus approvals in place. The sooner the better to get started on seeking these approvals

Who do I talk to about what approvals will be needed?
- Kate Kokosinski, TGIF Grants Manager or Mo Lovegreen, Director of Sustainability

If I’ve applied for a Grant in the past, can I apply for another one?
- Yes, you may apply for as many different grants as you would like.

If my project received funding in the past, can I apply for additional funding?
- Yes, but not the consecutive funding cycle.

</table>
The funding application:
• Project Description
• Project Timeline
• Education and Publicity
• Project Indicators
• Project Approvals
• Budget Form
• Other Funding Sources

Your Project Must have a department sponsor
You must seek campus approvals prior to your award
If your project will have a maintenance cost or on-going program costs, you need to address how it will be sustained beyond the TGIF grant
Use the GHG emissions calculator if applicable to your project
Before you accept an award, you must have a Business Officer overseeing the transfer of Funds
You must use the Online Application Tool for submittal
